# AUTHOR INDEX

Adams, R.E.W., letter 309
Aiello, A.
  *Adelpha* spp., taxonomy 304
Alva G., Raul, letter 308
Anderson, Elaine
  climatic changes, Colorado, Pleistocene 535–563
Anderson, P. K.
  dugong suckling 442
Andrews, A. P.
  Maya, 16th-century 571
Araújo, Dina C.
  Brazilian fossils 5–20
Atwood, John T.
  slipper orchid pollination 247–254

Bachmayer, F.; & Wilson, R. W.
  fossil dormice 154
Bankoff, H. A.; & Winter, F. A.
  Late Hellenic Greece, invaders 572
Barberena, Mario C.
  Brazilian fossils 5–20
Bass, G. F.
  Serçe Limanı shipwreck 572
Belovsky, G. E.
  herbivore foraging models 304
Berger, J.
  wild horse ecology 155
Betancourt, J. L.; et al.
  *Corispermum* L. in North America 154
Birdsall, Stephen S., letter 448
Blaustein, A. R.; et al.
  Cascades frog, kin recognition 571
de Blij, Harm J., letter 4
Bogle, M. A.
  *Cladocarpoides yucatanicus* 442
Boyd, D. W.; & Newell, N. D.
  Permian pelecypods, shell structure 571
Bonaparte, José F.
  Argentine fossils 149–151
Brockington, Donald L., letter 309
Brown, Francis H.
  hominids, Lake Turkana, Kenya 289–297
Brown, I. W.
  Plaquemine culture 154
Brown, Janice G.
  paleo-Indians, Little Salt Spring, Florida 21–31
Brown, Theresa J.
  climatic changes, Colorado, Pleistocene 535–563
Burger, Richard L.
  Huaricoto, Peru, pottery 505–534
Busack, S. D.; et al. 573
  anuran taxonomy 573

Cameron, E. A., letter 160
Campbell, K. E. Jr.
  Holocene flooding, Amazonia 442
Campbell, K. E. Jr.; & Tonni, E. P.
  teratorns 154
Carey, Steven
  Vesuvius eruption (A.D. 79) 332–387
Chilcott, M. J.; & Hume, I. D.
  ringtail possum digestion 442
Clark, Tim W.
  black-footed ferret 299–302
Cloud, Thomas A.
  landslides, Wyoming 152–153
Cochran, J. K.; & Landman, N. H.
  *Nautilus*, radiometric data 155
Cohen, Arthur D.
  paleo-Indians, Little Salt Spring, Florida 21–31
Cole, C. J.
  *Cnemidophorus* spp. 303
Conybeare, A.; & Haynes, G.
  elephant die-off 442
Cordy, Ross
  Leluh, South Pacific (12th–15th century) 255–263
Corey, Kenneth, letter 449
Cornell, Winton
  Vesuvius eruption (A.D. 79) 332–387
Coville, R. E.; & Griswold, C.
  spider-hunting sphecid wasp 156
Crews, D.; et al.
  *Drosophila* reproduction 303
Crockett, Carolyn M.
  red howler monkey, population studies 264–273
Crockett, David E., letter 309
Crook, M. R. Jr.
  paleo-Indians, Georgia 571
Crowley, John M., letter 309

Demko, George J., letter 160
Dothan, Trude
  Deir el-Balah, Gaza Strip (Bronze Age) 32–43
Douardo, Sennen, letter 449
Duvall, David
  prairie rattlesnake 80–111

Ellis, David H.
  austral peregrine falcon 388–394
Emmons, L. H.
  mammal diversity in Amazonia 304
Euler, Robert C., letter 161

Fierstine, H. L.; & Welton, B. J.
  black marlin fossils 154
Foote, Edward T. II, letter 161
Forester, Richard M.
  climatic changes, Colorado, Pleistocene 535–563
Foster, D. R.
  *Sphagnum* ecology, Canada 571
Franklin, Jerry F.
  Mount St. Helens, Washington, regrowth 198–216

Galdikas, B.M.F.
  orangutan reproductive behavior 444
Galdikas, B.M.F.; & Yeager, C. P.
  crocodile predation on macaque 442
Gayet, Mireille
  fossils, South America 274–288
Goudie, A. S.
  Karakoram Mountains, salts 154
Guthrie, R. D.
  Beringia, evidence of human occupation questioned 442
Gutzwiller, Kevin J.
  prairie rattlesnake 80–111

Hale, Ruth F., letter 309
Hall, Stephen A.
  climatic changes, Colorado, Pleistocene 535–563

Hale, Ruth F., letter 309
Hall, Stephen A.
  climatic changes, Colorado, Pleistocene 535–563

Harding, R.S.O.
primate census, Sierra Leone 155, 303
Harris, A. H.
woodrats, fossil 442
Harris, John M.
hominid site, Lake Turkana, Kenya 289–297
Haynes, G.
bison tooth wear 442–443
Hebrard, J. J.; & Madsen T.
chameleons, habitat partitioning 304
Hester, T. R.; & Shafer, H. J.
Maya, chert exploitation 572
Hews, D. K.; & Blaustein, A. R.
amphibian alarm responses 573
Hill, A.; & Behrensmeyer, A. K.
ungulate taphonomy 572–573
Hiraoka, Mário
riparian Amazon agriculture 236–246
Holman, J. A.; & Clausen, C. J.
paleo-Indians, Little Salt Spring, Florida 304
Holman, J. Alan
herpetofauna, Ladds Quarry, Georgia 423–436, 569–570
Hughes, Charles C., letter 161
Hughes, T. P.; et al.
spiny sea urchin, mass mortality 573
Hystrom, J. Warren, letter 449

Jarrige, Jean-François
dental disease, Neolithic 184–197
Jehl, Joseph R. Jr., letter 161
Jenkins, F. A.; et al.
morganucodontid fossil 156
Jensen, Joseph
landslides, Wyoming 152–153

Kahl, M. P.
spoonbills, breeding behavior 156
Keith, D. H.; et al.
Molasses Reef, British West Indies shipwreck 155
Kesel, Richard H.
alluvial fans, Costa Rica 450–469
King, Michael B.
prairie rattlesnake 80–111
Kirkpatrick, Charles K., letter 160–161
Kleckner, R. C.; et al.
American eel spawning area 155
Kramár, P. O.; et al.
ocular functions at altitude 155–156

Larson, Edwin E.
climatic changes, Colorado, Pleistocene 535–563
Lavenu, Alain
fossils, South America 274–288
Lavina, Ernesto L.
Brazilian fossils 5–20
Lednor, A. J.; & Walcott, C.
pigeon orientation 443
Lee, William F. III, letter 161
Leinbach, Thomas R.
Southeast Asia migration and employment 310–331
Lewis, W. H.; & Elvin-Lewis, M.P.F.
folk dentistry in the Upper Amazon 154
Lukacs, John R.
dental disease, Neolithic 184–197

MacMahon, James A.
Mount St. Helens, Washington, regrowth 198–216
Marshall, Larry G.
fossils, South America 274–288
Martin, Geoffrey J.
geography, 1892–1925 U. S. 217–235
May, M. L.; & Casey, T. M.
euglossine bee thermoregulation 156
Mikesell, Marvin W., letter 448
Miller, Edward H.
walrus communication 124–145
Milton, K.
Amazonian Indians, diet analysis 571
Amazonian Indians, morphometric features 156
Milton, K.; & Nessimian, J. L.
New World primates, insectivory 443
Mineur, R. J.; & Richardson, J. R.
brachiopods, fossil and living 572
Moffett, Mark W.
ants, water-gathering 146–149
Morris, Walter F. Jr.
Maya textiles 63–79
de Muizon, Christian
fossils, South America 274–288

Newsom, Lee Ann
archaeology, Hontoon Island, Florida 564–569
Noël Hume, I., letter 160

O'Connor, Raymond G., letter 161

Palmquist, Robert C.
landslides, Wyoming 152–153
Payne, Melvin M., letter 4
Pescatore, Tullio
Vesuvius eruption (A.D. 79) 332–387
Peterson, R. O.; et al.
wolf–moose allometry 303
Pfau, Richard, letter 161
Pianka, Eric R.
desert lizards 490–504
Pilbeam, D.
paleoanthropology, changes in method recommended 571
Pizzuto, Anton P., letter 309
Plumer, F. W., letter 161
Poirier, Frank E.
*Macaca mulatta*, China 298–299
Porter, C. C.
*Thyreodon* taxonomy 571
Purdy, Barbara A.
archaeology, Hontoon Island, Florida 564–569

Randall, J. A.
kangaroo rats, foot-drumming 443
Redford, K. H.
termite mound ecology, Brazil 571
Reinhard, Johan
Andean ceremonial centers 395–422
Repenning, Charles A.
climatic changes, Colorado, Pleistocene 535–563
Retief, D. H.
dental disease, Neolithic 184–197
Ricklefs, R. E.
pelagic seabird incubation 156
Ritchie, J. C.; et al.
Sahara, Africa, humid period 573
Roatti, Alberto, letter 449

# SUBJECT INDEX

Rogers, Karel L.
climatic changes, Colorado, Pleistocene 535–563
Rollefson, Gary O.
Ain Ghazal, Jordan (Neolithic) 44–62
Rose, K. D.; & Brown, T. M.
Omomyidae dental evolution 304
Rose, K. D.; & Krause, D. W.
*Altanius orlovi* 443
Rose, K. D.; & Walker, A.
*Cantius trigonodus* 573
Roueche, C.
acclamatory texts, Aphrodisias, Turkey 572

Samuels, G. J.
*Nectria* spp. taxonomy 573
Schaub, R. T.; & Rast, W. E.
Dead Sea Plain, Jordan, expedition 443
Schreiber, R. W.; & Schreiber, E. A.
El Niño effects on seabird breeding 155, 303
Sedell, James R.
Mount St. Helens, Washington, regrowth 198–216
Shimada, M.; & Shimada, I.
llama breeding, prehistoric 443
Sigé, Bernard
fossils, South America 274–288
Sigurdsson, H.; et al.
El Chichón Volcano, Mexico 572
Sigurdsson, Haraldur
Vesuvius eruption (A.D. 79) 332–387
Smith, B. D.
paleo-Indians, Russell Cave, Alabama 304
Smith, Gerald R.
climatic changes, Colorado, Pleistocene 535–563
Smith, R. H.; et al.
Pella, Jordan 155
Smith, Robert Houston
Pella, Jordan 470–489
Swanson, Frederick J.
Mount St. Helens, Washington, regrowth 198–216
Swartz, Marc J., letter 309

Thien, L. B.; et al.
*Zygogynum* sp. pollination 444
Thomasson, J. R.
Miocene grass leaves 572
Thorson, R. M.; & Guthrie, R. D.
river ice as taphonomic agent 303
Topoff, Howard
slave-making ant 437–441
Torrey, C. B., letter 309
Trail, Pepper W.
Cock-of-the-Rock 112–123
courtship disruption, lek-breeding birds 444

Ulack, Richard
Southeast Asia migration and employment 310–331

Veblen, Thomas T.
rain forest tree-fall gap development, Chile 162–183
Vedder, A. L.
gorillas, mountain 303
Vermeer, D. E.; & Ferrell, R. E. Jr.
geophagy, West Africa 444

Watkins, T. F., letter 161
Watts, D. P.
gorillas, mountain 303, 573
Winters, Harold A., letter 449
Wright, H. E. Jr.
Peru, moraines 443–444
Wright, James C., letter 161

Acoustics
walrus airborne communication 124–145
*Adelpha* spp. 304
Africa
desert lizards 490–504
(*see also* Kenya; Morocco; Nigeria; Rwanda; Sahara; Sierra Leone; South Africa; Zimbabwe)
Agriculture
Amazonia, South America 236–246
Ain Ghazal, Jordan
archaeological excavation (Neolithic) 44–62
Alabama (*see* Russell Cave)
Alaska
walrus 124–145
*Alces alces*
Isle Royale, Michigan 303
Alluvial fan systems
Costa Rica 450–469
*Alouatta seniculus*
population studies 264–273
*Altanius orlovi*
biological affinities 443
Amazonia, South America
agriculture 236–246
folk dentistry 154
Holocene flooding and species diversity 442
indigenous population niche separation 571
mammal diversity 304
morphometric features as tribal predictors 156
primate insectivory 443
Amboseli National Park, Kenya
ungulate taphonomy 572–573
Amphibians (*see* Herpetology)
Andes, South America
pre-Inca sites 395–422
Animal behavior (*see* Ethology)
Anthropology, cultural
Ain Ghazal, Jordan (Neolithic) 44–62
folk dentistry, Amazonia, South America 154
geophagy 444
Huaricoto, Peru 505–534
llama domestication, Peru 443
mestizo subsistence, riparian Amazonia, Peru 236-246
Micronesian society 255–263
paleo-Indians 154, 304, 571
Pella, Jordan 470–489

pre-Inca mountain–fertility cult 395–422
Southeast Asia, migration 310–331 (*see also* Maya)
Anthropology, physical
Amazonian Indians 156, 571
dental disease, Neolithic 184–197
evolutionary patterns 571
Lake Turkana, Kenya, hominid site 289–297
Anthropometry
Amazonian Indians 156
Ants
slave-making 437–441
water-gathering 146–149
Aphrodisias, Turkey
acclamatory texts 572
Archaeology
Ain Ghazal, Jordan (Neolithic) 44–62
Aphrodisias, Turkey 572
Dead Sea Plain, Jordan 443
Deir el-Balah, Gaza Strip (Bronze Age) 32–43
Greece (Late Hellenic) 572
Leluh, South Pacific (12th–15th century) 255–263
Little Salt Spring, Florida (paleo-Indian) 21–31, 304
Mehrgarh, Pakistan (Neolithic) 184–197
Natchez Bluffs, Mississippi 154
Pella, Jordan 155, 470–489
Peru (pre-Inca) 395–422, 505–534
Russell Cave, Alabama 304
Sapalo Island, Georgia 571
Vesuvius, Italy (Roman Empire) 332–387
wet sites, significance of 564–569
Archaeology, underwater
Molasses Reef, British West Indies 155
Serce Limanı, Turkey 572
Argentina
austral peregrine falcon 388–394
carnosaur skeleton 149–151
Arizona (*see* Portal; Sonoran Desert)
Asia (*see* China; Gaza Strip; Himalayas; India; Indonesia; Jordan; Malaysia; Mongolia; Pakistan; Philippines)
Australia
brachiopod 572
desert lizards 490–504
dugong 442
ringtail possum 442
Austria
fossil dormice 154

**B**aluchistan (*see* Pakistan)
Bangalore, India
water-gathering ants 146–149
Bees, euglossine 156
Belize
ancient Maya 572
Bering Sea
walrus 124–145
Bighorn Basin, Wyoming
early Eocene primates 304
fossil lemuriform primate 573
Birds (*see* Ornithology)
*Bison* sp.
Indian butchery 572–573
tooth wear 442–443
Bolivia
fossil fauna 274–288
(*see also* Titicaca, Lake)
Botany
*Chenopodium berlandieri* 304
*Corispermum* L. 154
Mount St. Helens, Washington, regrowth 198–216
*Paphiopedilum rothschildianum* 247–254
rain forest tree-fall gap development, Chile 162–183
*Sphagnum* sp. 571
teeth-blackening plants 154
*Zygogynum* sp. 444
(*see also* Mycology; Paleobotany; Palynology)
Bourbon Field, Sapalo Island, Georgia
paleo-Indian site 571
Brazil
fossil tetrapods 5–20
termite mounds 571
British West Indies (*see* Molasses Reef)
*Bufo boreas* 573

**C**alifornia (*see* Mojave Desert)
*Callicebus torquatus lugens*
insectivory 443
Canada
bison tooth wear 442–443
bone "artifacts" 442

Ethnology (*see* Anthropology, cultural)
Ethology
American eel spawning 155
bannertail kangaroo rat 443
brachiopods 572
Cascades frog 571, 573
chameleon habitat partitioning 304
crocodile predation on macaque 442
dugong nursing 442
Guianan Cock-of-the-Rock 112–123, 444
mountain gorilla 303, 573
orangutan reproductive behavior 444
pigeon orientation 443
prairie rattlesnake 80–111
primate insectivory 443
slave-making ant 437–441
spider-hunting wasp 156
spoonbill displays 156
walrus communication, airborne 124–145
water-gathering ant 146–149
*Eucalyptus* spp. 442
Europe
geography, history of 224–227
(*see also* Austria; Italy)
Evolution
dental morphology of primates 304
desert lizards 490–504
flowering plants 444
human 571
mammalian anatomy 156
South American mammals 274–288

*Falco peregrinus cassini*
color variation, productivity, and pesticides 388–394
Farming (*see* Agriculture)
Ferret, black-footed (see *Mustela nigripes*)
Fishes (*see* Ichthyology)
Florida (*see* Hontoon Island; Little Salt Spring)
Forests
Mount St. Helens, Washington, regrowth 198–235
rain forest tree-fall gap development, Chile 162–183
*Formica* sp. 437–441
Fossils (*see* Paleontology)
Fungi (*see* Mycology)

Gaza Strip
archaeological excavations 32–43
General River valley, Costa Rica
alluvial fans 450–469
Genetics
*Drosophila mercatorum* 303
whiptail lizard 303

Geography
anthropometry, Amazonian Indians 156
folk dentistry, Amazonia, South America 154
geophagical clay (eko), West Africa 444
landslides, Gros Ventre Mountains, Wyoming 152–153
migration and employment, Southeast Asia 310–331
mountain–fertility cult, Andes, South America 395–422
niche separation, Amazonian Indians 571
paradigm change 1892–1925 217–235
rain forest tree-fall gap development, Chile 162–183
riparian agriculture, Amazonia, South America 236–246
Geography, political
16th-century Yucatán 571
Geology
Costa Rica, alluvial fan systems 450–469
Gros Ventre Mountains, Wyoming, landslides 152–153
Karakoram Mountains, Pakistan, salts 154
Little Salt Spring, Florida, peat deposits 21–31
Peru, glacial and Holocene moraines 443–444
San Luis Valley, Colorado, Pleistocene climatic oscillations 535–563
(*see also* Stratigraphy; Volcanology)
Georgia (*see* Bourbon Field; Ladds Quarry)
Glaciology
Gros Ventre Mountains, Wyoming, landslides 152–153
Peruvian moraines 443–444
*Gorilla gorilla beringei*
feeding patterns 573
ranging patterns 303
Great Basin Desert, North America
wild horses 155
Great Victoria Desert, Australia
lizards 490–504
Greece
Late Hellenic nonindigenous pottery 572
Gros Ventre Mountains, Wyoming
landslides 152–153

Haystack Mountains, Wyoming
prairie rattlesnake 80–111
Herculaneum, Italy
Vesuvius eruption (A.D. 79) 332–387
Herpetology
*Bufo boreas* 573
*Chamaeleo dilepis* 304
*Cnemidophorus* spp. 303
*Crotalus viridis viridis* 80–111
desert lizards 490–504
Ladds Quarry, Georgia 423–436, 569–570
*Pelobates* spp. 573
*Rana cascadae* 571, 573
Himalayas, Asia
ocular functions study 155–156
Hontoon Island, Florida
archaeological excavations 564–569
Horses, wild
Great Basin Desert, North America 155
Huaricoto, Peru
pre-Inca site 505–534
Hubei Province, China
rhesus macaque 298–299
Hutchison's Quarry, New Zealand
fossil brachiopod 572
Hwange National Park, Zimbabwe
elephant die-off 442

Ichthyology
American eel 155
*Makaira* spp. 154
Iconology
Maya textile design 63–79
mountain–fertility cult 395–422
India
water-gathering ant 146–149
Indonesia
migration and employment 310–331
(*see also* Tanjung Puting Reserve)
Insects (*see* Entomology)
Isle Royale, Michigan
wolf–moose populations 303
Israel (*see* Gaza Strip)
Italy
Vesuvius eruption (A.D. 79) 332–387

Jamaica
spiny sea urchin 573
Jordan
Ain Ghazal excavation (Neolithic) 44–62
Dead Sea Plain expedition 443
(*see also* Pella)

Kalahari Desert, Africa
lizards 490–504
Karakoram Mountains, Pakistan
chemistry of salts 154
Kenya
African Spoonbill 156
flap-necked chameleons 304
Lake Turkana hominid site 289–297
ungulate taphonomy 572–573
Kilimi region, Sierra Leone
primate census 155, 303
Kosrae, South Pacific 255–263
Kusaie (*see* Kosrae)

Labrador (peninsula), Canada
*Sphagnum* sp. 571
Ladds Quarry, Georgia
contemporaneous status 569–570
herpetofauna 423–436
*Lagothrix lagothricha lagothricha*
insectivory 443
Landslides
Gros Ventre Mountains, Wyoming 152–153
Leluh, South Pacific
stone ruins (12th–15th century) 255–263
Little Salt Spring, Florida
fossil vertebrates 304
peat deposits 21–31
Lizards, desert
comparative ecology 490–504
Llama
prehistoric breeding, Peru 443

*Macaca* spp.
*fascicularis*, crocodile predation on 442
*mulatta*, conservation 298–299
*Magadina cumingi* 572
*Makaira* spp. 154

Maku Indians
diet analysis 571
stature and weight analysis 156
Malaysia
slipper orchid pollination 247–254
Mammalogy
Amazonia species diversity 304
*Dipodomys spectabilis* 443
dugong 442
fossils, South America 274–288
*Mustela nigripes* 299–302
*Neotoma* spp. 442
*Odobenus rosmarus* 124–145
ringtail possum 442
(*see also* Primatology)
Marine biology
American eel 155
brachiopods 572
*Cladocarpoides yucatanicus* 442
*Diadema antillarum* 573
dugong 442
*Makaira* spp. 154
*Nautilus* spp. 155
*Odobenus rosmarus* 124–145
Maya
chert use 572
political geography, 16th-century 571
textile design 63–79
Medan, Indonesia
migration and employment 310–331
Medicine
geophagy, West Africa 444
(*see also* Dental pathology)
Meeteetse, Wyoming
black-footed ferret 299–302
Mehrgarh, Pakistan
archaeological excavation (Neolithic) 184–197
Mestizos, Peruvian
agriculture, Amazonia 236–246
Meteorology
El Niño current 155, 303
Mexico
El Chichón Volcano 572
Maya weavers 63–79
political geography, 16th-century 571
(*see also* Sonoran Desert)
Michigan (*see* Isle Royale)
Micronesia
stone ruins, Leluh (12th–15th century) 255–263
Middle East (*see* Gaza Strip; Jordan)
Migration, rural–urban
Southeast Asia 310–331
Mississippi (*see* Natchez Bluffs)
Mojave Desert, California
lizards 490–504
Molasses Reef, British West Indies
shipwreck 155
Mongolia
fossil primate 443
Monkeys
*Alouatta seniculus* 264–273
*Callicebus torquatus lugens* 443
*Lagothrix lagothricha lagothricha* 443
macaques (see *Macaca* spp.)
Montana (*see* National Bison Range)
Morocco
anuran 573
Mountain worship, pre-Inca 395–422
*Mustela nigripes*
conservation studies 299–302
Mycology
*Nectria* spp. 573

**N**atchez Bluffs, Mississippi
Plaquemine culture 154
National Bison Range, Montana
herbivore optimal foraging 304
*Nautilus* spp. growth rate 155
Nebraska
fossil grass leaves 572
*Nectria* spp. 573
*Neotoma* spp. 442
New Mexico (*see* Dry Cave)
New South Wales, Australia
ringtail possum 442
New Zealand
fossil brachiopod 572
fungi, taxonomy 573
Nigeria
geophagical clay 444
North America
desert lizards 490–504
(*see also* Canada; Mexico; United States)
Northwest Territories, Canada
walrus 124–145
Nutrition study
Amazonian Indians 571
ringtail possum 442

***O**dobenus rosmarus*
communication 124–145
Orchid, slipper (see *Paphiopedilum rothschildianum*)
Ornithology
central Pacific seabirds 155, 303
*Falco peregrinus cassini* 388–394
pelagic seabirds 156
pigeon orientation 443
*Rupicola rupicola* 112–123, 444
spoonbills 156

**P**akistan
dental disease (Neolithic) 184–197
(*see also* Karakoram Mountains)
Paleoanthropology
dental disease, Pakistan (Neolithic) 184–197
evolutionary patterns 571
Lake Turkana, Kenya, hominid site 289–297
Paleobotany
Hontoon Island, Florida 564–569
Little Salt Spring, Florida 21–31
Miocene grass leaves 572
Paleoecology
Amazonia, South America (Holocene) 442
bison, North America 442–443
Hwange National Park, Zimbabwe 442
Ladds Quarry, Georgia (Pleistocene) 423–436, 569–570
Little Salt Spring, Florida (Holocene) 21–31
Mehrgarh, Pakistan (Neolithic) 184–197
Peru (Holocene) 443–444
Sahara, Africa (Holocene) 573
San Luis Valley, Colorado (Pleistocene) 535–563
Paleontology
*Altanius orlovi* 443
Austrian fossil dormice 154
*Cantius trigonodus* 573
Ladds Quarry, Georgia, fauna 423–436, 569–570
Little Salt Spring, Florida, vertebrates 304
*Makaira* sp. 154
morganucodontid fauna discovery 156
Paraná Basin, South America, tetrapods 5–20
Patagonia, Argentina, carnosaur

skeleton 149–151
Permian pelecypods 571
*Rhizothyris amygdala* 572
San Luis Valley, Colorado, fauna 535–563
South America, Cretaceous mammals 274–288
teratorns 154
(*see also* Paleoanthropology; Paleobotany)
Palynology
Little Salt Spring, Florida 21–31
San Luis Valley, Colorado 542–545
slipper orchid pollination 247–254
*Zygogynum* sp. pollination 444
Panama
*Adelpha* spp. development 304
*Paphiopedilum rothschildianum*
pollination system 247–254
Paraná Basin, South America
fossil tetrapods 5–20
Parc National des Volcans, Rwanda
mountain gorilla 303, 573
Patagonia, Argentina
austral peregrine falcon 388–394
carnosaur skeleton 149–151
Peat deposits
Little Salt Spring, Florida 21–31
Pella, Jordan
archaeological excavations 155, 470–489
*Pelobates* spp. 573
Peregrine falcon, austral (see *Falco peregrinus cassini*)
Peru
archaeological sites (pre-Inca) 395–422, 505–534
glacial and Holocene moraines 443–444
mestizo agriculture, Amazonia 236–246
prehistoric llama breeding 443
Petrography
Little Salt Spring, Florida, peat deposits 21–31
Philippines
fossil black marlin 154
migration and employment 310–331
Physiology
ocular functions at altitude 155–156
Pigeons, homing
orientation 443
Plants (*see* Botany)
Plaquemine culture 154
*Platalea alba* breeding behavior 156
Plate tectonics (*see* Seismology; Volcanology)
Pollen (*see* Palynology)
*Polyergus breviceps*
effect of overfeeding on raiding behavior 437–441
Pompeii, Italy
Vesuvius eruption (A.D. 79) 332–387
*Pongo pygmaeus*
reproductive behavior 444
Population studies, animal
seabirds, central Pacific 155, 303
wolf–moose, Isle Royale, Michigan 303
red howler monkey, Venezuela 264–273
primates, Sierra Leone 155, 303
spiny sea urchin, Jamaica 573
Population studies, human (*see* Demography)
Portal, Arizona
slave-making ant 437–441
Possum, ringtail
foliage digestion and nitrogen metabolism 442
Primatology
*Alouatta seniculus* 264–273
Amazonian insectivory 443
dental evolution 304
fossil lemuriform primate 573
*Gorilla gorilla beringei* 303, 573
Mongolian fossil primate 443
*Pongo pygmaeus* 444
Sierra Leone primate census 155, 303
